

# Westlaw (New Zealand)

## Resource Management Tracker Analytics

### Course Description

On completion of this course, you will be able to advise clients on the costs and likely outcomes by utilising the Resource Management Tracker Analytics tool in Westlaw (New Zealand).

The session will focus on accessing the specialised summaries of cases by prosecution activity, type of sentence, the role of the defendant, as well as aggravating and mitigating sentencing factors, such as the attitude of the defendant, extent of damage, or nature of the environment affected.

### Learning Outcomes

At the end of the session participants will be able to:

- Locate Tracker Analytics
- Select a relevant prosecution activity from the list provided
- Recognise key trends relating to the amount of fine imposed in similar prosecutions
- Confidently search, filter, navigate and sort results
- Browse the Tracker Analytics by key factors and outcomes
- Search for words and phrases applicable to your client
- Locate a curated (pop-up) summary of the cases, and link to the full judgment text
- Print, download, email and save content.

### Session Duration

Approximately 30 minutes. Trainer will be online and available to assist with queries.

### Session Delivery Methods

Online via Microsoft Teams. The Microsoft Teams meeting allows the participant to view the trainer's computer screen as they demonstrate research strategies on Westlaw. At no time does the trainer access your computer.

### Learning Materials

Support materials including how to videos, research tips, user guides and webinar dates are on the Training and Support portal. <https://support.thomsonreuters.co.nz/>
